MARCH 20, 2019 • [BLOG REVIEWS](#)

We recently got an opportunity to listen to a beautiful and melodious track "Dust" by a very talented music artist Rob Georg. He has recently been impressing the music critics and his fans with his powerful voice and music skills and this track is another addition to his collection.

We really enjoyed the lyrics, vocals and music of the track. And the music video in particular is exceptional. So we have decided to share our experience of listening to this track with our readers as well.

The song starts with a melodious and engaging tone. You will feel compelled to listen to the track. The singer has a dynamic and inspiring voice and it has a strong vocal projection. The track is simply done and not overly complex. The chorus is impressive, the pitch range varies, making it rich and engaging.

The song definitely is professional and creative. We find it extremely good and the singer has talent and the music, lyrics and production everything has been done exceptionally well in this track. Overall its a fun listening to the music and I am sure you would put it to repeat mode.

Track is available on all music platforms including Spotify, Soundcloud, iTunes, Deezer, YouTube etc.
