Singer-songwriter **Rob Georg** is currently making a lot of noise down in Nashville. While there haven't been many foreign-born artists that have chosen to follow in New Zealand-Australian singer, songwriter Keith Urban's footsteps to make a name for themselves in the Country Music scene, one such artist is German-born cowboy/singer-songwriter/guitarist Rob Georg. Down in Nashville, Rob Georg has been releasing his songs and gaining a following because of his music. Having already released several singles that have garnered him praise such as making it into the US National Radio Hits AC Charts Top Ten for the song "This Ain't My First Rodeo," Georg is in the middle of completing his debut album which will be released sometime in 2020. But as for right now, Rob Georg is promoting a track perfect for the 2019 Christmas Season. Rob Georg's new Christmas single is entitled "When I Make It Home for Christmas". For this

Christmas-themed track, Georg is joined by two other individuals: **Corey Lee Barker** (NACMAI songwriter of the year 2012) and **Kristin K. Smith** (writer, producer and vocal coach). Together, the three individuals created the track called "When I Make It Home for Christmas". The song is not your usual Christmas fare as the lyrical content is not about Jingle Bells, Mistletoe, Sleigh Rides... This song is about so much more. This track is about spending time with your family for the holidays. More specifically, this song finds the main focal point of the track longing for the Holidays as he makes his way home from overseas, where he has been stationed as part of the military. The soldier in the song sings of the things he plans on doing once he makes it home to the one he loves, including covering her in kisses. Combining their efforts, Rob Georg, Corey Lee Barker and Kristin K. Smith have created a track that follows the more traditional Country feel to the music. Meaning that this track would fit in more with songs from Classic Country artists from the fifties, sixties and seventies rather than the artists currently creating Modern Country music with its Country/Rock blend. The track features a gentle pace as well as a soft musical approach with a strong Country feel to it. The mandolin and acoustic guitar at the beginning of the track set the pace as the rest of the instrumentation create that Classic Country feel. The piano and soft electric guitar on the track help to add depth to the track. "When I Make It Home for Christmas" from singer-songwriter/guitarist Rob Georg contains enough traditional Country feel that it could easily feel right at home among Bing Crosby's "Jingle Bells," "Have Yourself A Merry Little Christmas" from Frank Sinatra, even "Tender Tennessee Christmas" from Amy Grant.
