## Review: Rob Georg - Time For Some Ink

Country music has always been regarded as an American sound bred in the southern regions, but if fans have learned anything from the likes Keith Urban, Country Music can come up from anywhere in the world. Which leads us to the German cowboy himself, **Rob Georg**.

**Time For Some Ink** is the brand new single and the beautifully composed country track. To fully express the song, he uses his pleasant vocals that make listeners pay attention to the lyrics.

**Time For Some Ink** starts with groovy electric guitars and drums, which catch listener's attention right from the beginning. The song gives the listeners 3 minutes of the enjoyment because of the whole mood of the track and carefully chosen instruments, that makes this song perfect example of the modern country track. The song is accompanied by creatively edited music video, where we can see Rob performing live and the footage from the tattoo salon. The video perfectly compliments the song's meaning.

To sum up, **Time For Some Ink** is the amazing country song that will stay on repeat for a long time.
